Bruce Herring, Deputy City Manager, presented the staff report and discussed the changes, and questions raised from the March 21, 1995 meeting.

Peter Hall, Executive Vice President, Centre City Development Corporation, stated at the request of the City Council, met with representatives from the Port District, the City of San Diego and Centre City Development Corporation. He said several meetings were held to discuss and define a public-private joint venture of a mixed-used facility on land at Lane Field or some other parcel within the city. Mr. Hall stated copies of that report were distributed to the Mayor and Councilmembers, and available to answer questions.

Chair Golding stated this proposed project is in the development stage.

Barry McComic presented a display chart and aerial photo of the Navy Complex, gave a brief overview of this site that it can be developed economically to incorporate the new Central Library.

Chair Golding said another option site located next to the Great American Building, One American Plaza, that maybe available, consider directing CCDC negotiate, and the City Manager to work with CCDC, this particular parcel.

Peter Hall gave a brief background on the Great American Building, SEPC Inc., owners are considering selling or development of this site. That City Council direct CCDC to work with SEPC, Inc.

Chair Golding said she recommend this site to City Council because the direction last time was to examine public private partnerships, and other ways to build and other sites to build a central library. That this building has potential advantages, location, the pad, public transit, and parking already in place.

Public testimony - favor

Jim Dawe, Chair, Library Commission, stated the Council directed the Library Commission to hold a public forum. This forum was held to receive public comment regarding the library branches that were proposed in the Manager's report. He said the members of the Friends of the Library, and the planning groups that attended all indicated to have significant support for a bond measure.
